Access to Energy

Areas with:

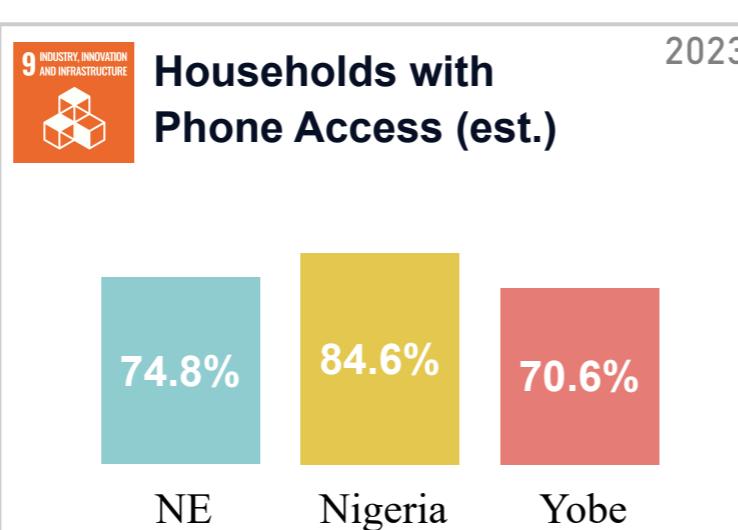

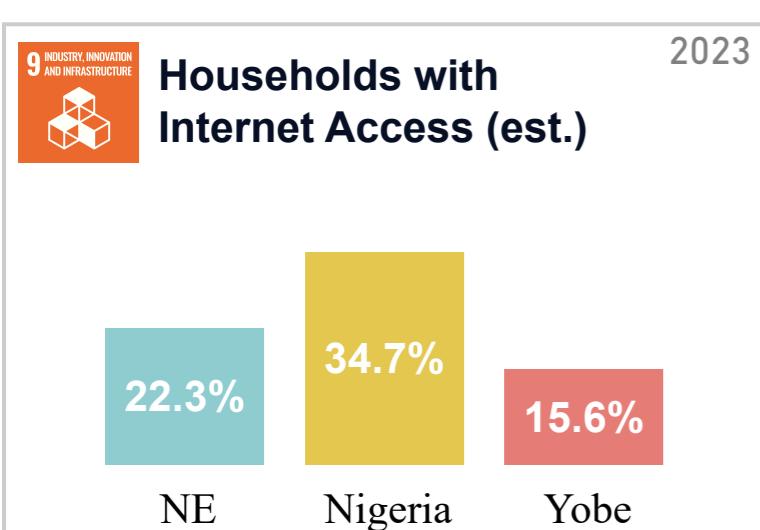

- No/Very Low Access
- Low Access
- Medium Access
- High Access

The map shows estimated energy access levels using averaged nighttime satellite imagery (2020-2024) as a proxy and derived through cluster analysis of nightlight intensity data.

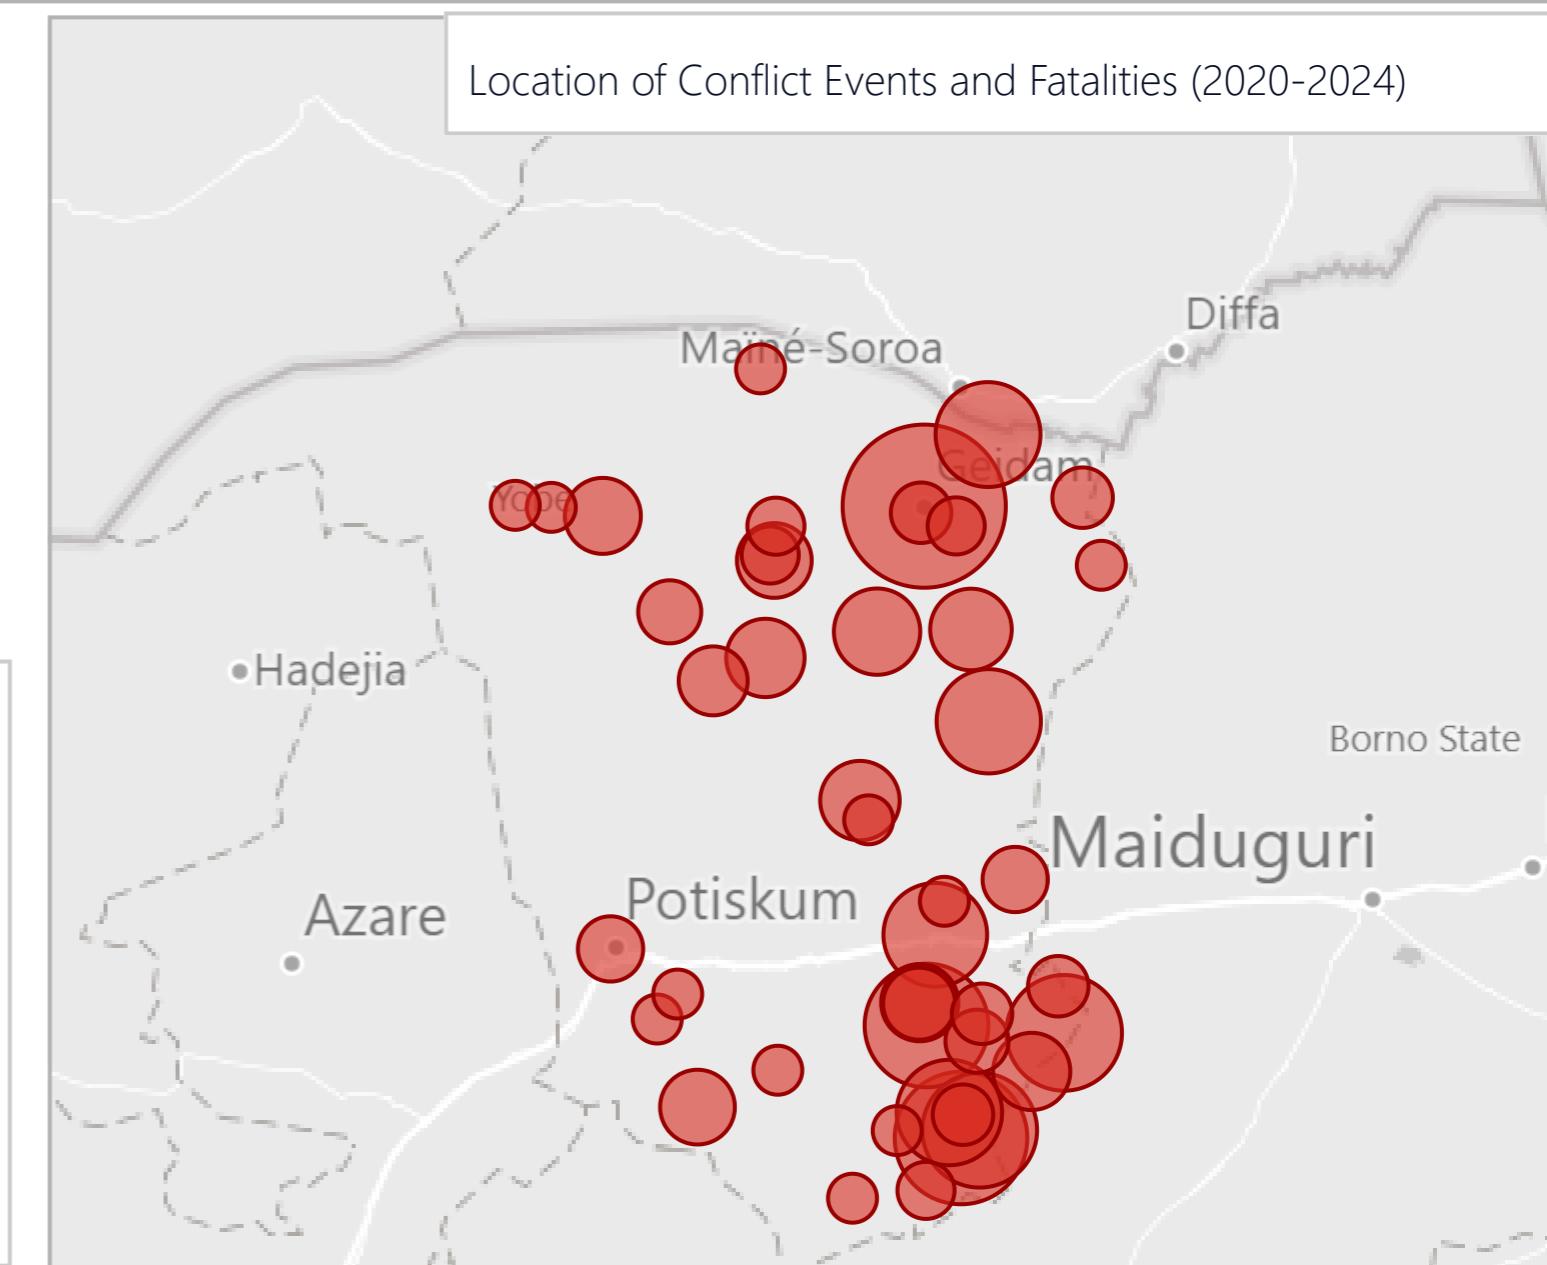

ICT & Infrastructure

Conflict events and trends

Between **2020 and 2024**, there was a total of 161 violent conflict-related events resulting in close to 907 fatalities in Yobe State. Fatalities from events related to Insurgency resulted in 93% of total fatalities, followed by Communal conflict (3%). Violent conflict events in Yobe accounted for approximately 7% of all conflict-related deaths in the North East geopolitical zone during the period.
